Warranty and Returns Policy

Kaveri Motion Components · Rev Jan 2026

Warranty

KMC products carry a 12 month warranty from the date of invoice against defects in material and workmanship when used within published ratings. Wear parts are excluded: seals and seal kits, coupling spiders, filter elements and bonded seals. Damage from operation beyond rated pressure or torque, improper installation, or contaminated air or oil is excluded.

Warranty claims

To claim, the customer submits invoice number, part number, batch or serial number, photographs and operating conditions. The Quality team assesses claims and replies within 7 working days. Customer service staff and the online assistant cannot approve replacements, credit notes or refunds; claims must be passed to the Quality team.

Returns

Standard catalogue items may be returned within 30 days of invoice if unused and in original packing, subject to a 15 percent restocking fee. Non-catalogue, custom-built and cut-to-length items are non-returnable.
